## National Terrorism Advisory System Current Alerts

# **SITUATION SUMMARY**

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

## **Major Construction U.S. Highway 50, Sacramento, Sacramento County**

- Major construction began April 22, 2014 on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets. The Caltrans Traffic Management Center (TMC) reports no issues to date with the project or the traffic in the area.
- Fix 50 Daily [Update](#).
- Please see “Fix 50” slides for additional information, including [alternate routes](#).

## **Ranchero Bridge Incident, Oak Hills / Hesperia CA, San Bernardino County**

- All lanes are reopened as of 2352 hours on 5/6/2014

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

#### **Eureka Weather:**

The high pressure will start to give way today as a warm front approaches. This frontal system will bring light rain to the area mainly Thursday afternoon and overnight with a few showers lingering into Friday.

#### **San Francisco Weather:**

A weak cold front will bring a slight chance of light rain or drizzle to the area Thursday and Thursday night. Otherwise dry and mild weather is forecast through the remainder of the week and into the upcoming weekend.

### CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

#### **Sacramento Weather:**

Dry and warmer weather returns today. A frontal system moving into the Pacific Northwest will bring a chance of showers mainly to the mountains and to valley areas north of Interstate 80 Thursday and Friday. Another low will skirt to the east over the weekend perhaps bringing a few showers to the northern Sierra Nevada.

#### **Hanford Weather:**

Clouds will linger over much of the higher terrain in the wake of a storm system now over the Great Basin. Dry weather and warmer afternoon temperatures can be expected for the remainder of the week as high pressure builds into Central California from the Pacific.

## **WEATHER SYNOPSIS BY REGION: (Cont.)**

### **SOUTHERN CALIFORNIA:**

#### **Los Angeles Weather:**

An exiting low pressure system will continue to bring gusty winds this morning, mainly across the mountain and desert areas. Otherwise, a gradual warming trend will occur into next week as a high pressure builds in. Offshore flow could bring a return of warm temperatures for early next week.

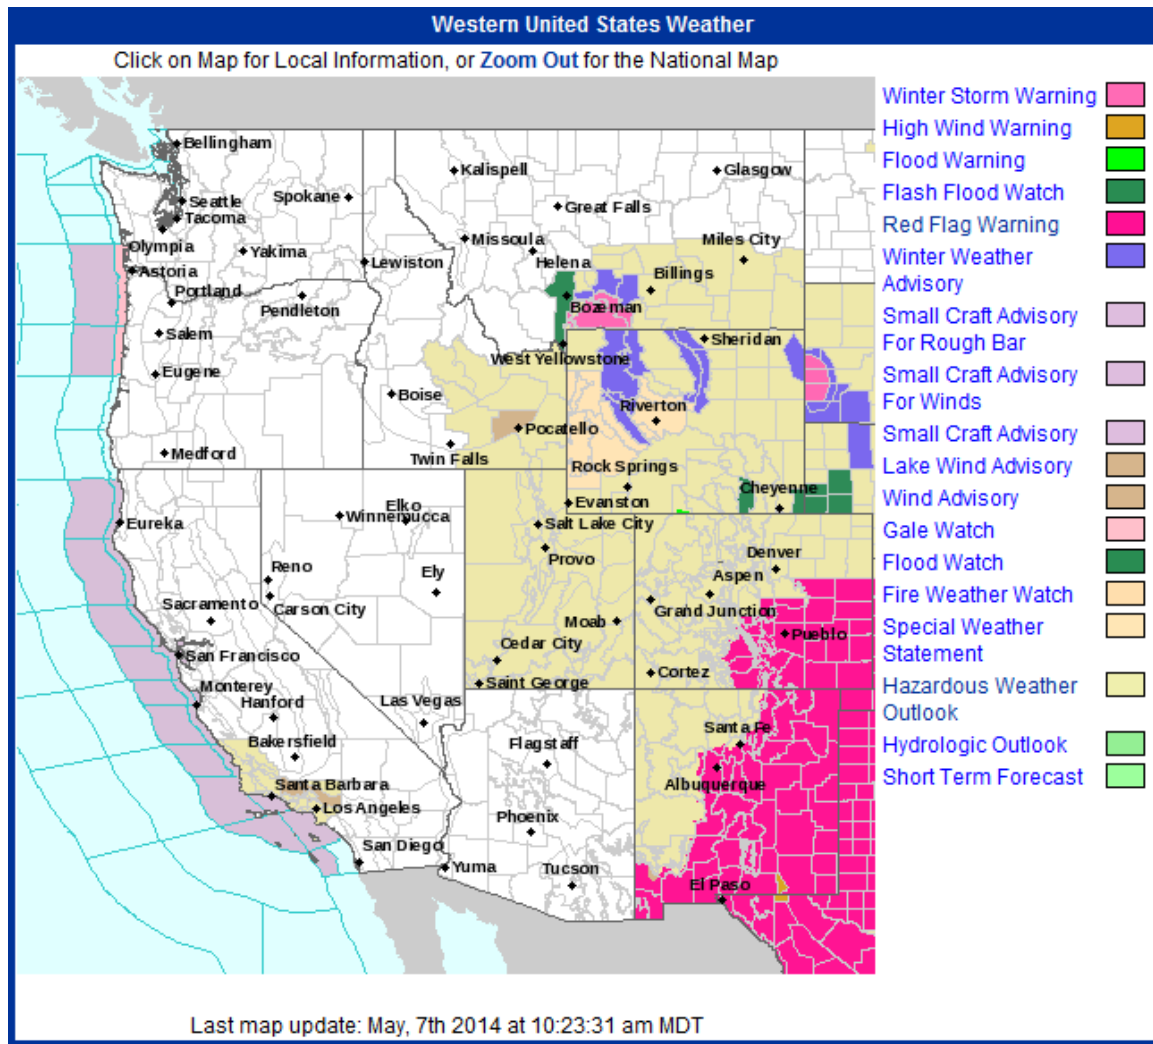

#### **Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

A low pressure trough will move out of the region today leaving partly cloudy and cool weather. A gradual warming trend will happen as high pressure aloft slowly builds through the weekend. A marine layer will redevelop with coastal clouds nights and mornings. Stronger high pressure along with offshore flow will bring hot weather next week.

#### **Southeast California Weather:**

A low pressure system will slowly pull away to the east today and tonight. A few showers will linger through this evening primarily over the mountains. Mild and calmer weather will return Thursday through Saturday before a fast moving disturbance brushes the Great Basin Sunday bringing north breezes and slight cooling. Above normal temperatures will return next week.

## **Southern California**

### **Ranchero Bridge Incident BDC # 1426218**

Oak Hills / Hesperia CA, San Bernardino County

- CHP has assumed command with the ICP located on scene.
- Heavy equipment crews will remain on scene cleaning up construction debris. Demobilization of fire suppression has been completed with one patrol remaining on scene.
- Both northbound and southbound lanes of I-15 have been reopened.

**(Final Report)**

# **“Fix 50” Update**

## **Fix50 Project Update: Wednesday, May 7**

Fix50 Eastbound Phase 2 updates:

**Progress over the last 24 hours:**

- Bead blasting the deck. It will continue over the next couple of days. Beads are contained, collected and reused. (85% completed)
- Installing new drains (85% completed)
- Installing rebar (50% completed)
- The contractor is on schedule with this Phase.

**Over the next 24 hours, crews will:**

- Continue work on the outside shoulder and barriers
- Continue approach slabs and conforms cement pour
- Continue rebar install
- Continue bead blasting the deck
- Continue cleaning holes
- Drilling pavement on inner and outer westbound lanes and shoulder

**In the coming week:**

- Complete dowel bars and rebar install
- Complete cement pour for remaining lanes and shoulder
- Begin curing process
- Sign install

## **“Fix 50” Information**

### **Major Construction U.S. Highway 50, Sacramento, Sacramento County**

- Major construction is scheduled on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.

### **2014 Project Dates**

### **Roadway Construction Timing:**

**Eastbound Highway 50: April 22 – May 21**

### **Phase 2: May 2 - May 21**

- During Eastbound, Phase 2 (May 2 – 21), the following ramps will be closed: - 16th Street On-Ramp - Connector ramp from eastbound Highway 50 to southbound Highway 99 - Connector ramp from eastbound Highway 50 to eastbound Business 80
- At least 3 lanes will be open
- Westbound traffic will be fully open as normal with no impact.

## **“Fix 50” Information (Cont.)**

### **Major Construction U.S. Highway 50, Sacramento, Sacramento County**

**On-Ramp and Connector Closures:** There are additional traffic restrictions during Eastbound Phase 2 due to additional ramp closures. The following ramps and connectors will be closed throughout Phase 2:

#### **Eastbound Highway 50 On-Ramp closures:**

- 11th Street On-Ramp
- 16th Street On-Ramp

#### **Eastbound Highway 50 Connectors to:**

- Southbound Highway 99
- Eastbound Business 80 (Capital City Freeway)

## **“Fix 50” Information (Cont.)**

### **Major Construction U.S. Highway 50, Sacramento, Sacramento County**

#### **Westbound Highway 50: May 27 – June 25**

##### **Phase 1: May 27 - Jun 10**

- At least 3 lanes will be open
- Eastbound traffic will be fully open as normal with no impact

##### **Phase 2: June 11 - June 25**

- During Westbound, Phase 2 (June 11-June 25) the following ramps will be closed: - 16th Street Off-Ramp - Connector ramp from westbound Business 80 to westbound Highway 50
- At least 3 lanes will be open
- Eastbound traffic will be fully open as normal with no impact

## **“Fix 50” Information (Cont.)**

### **Major Construction U.S. Highway 50, Sacramento, Sacramento County**

#### **Alternate Routes:**

**During work in the EASTBOUND direction (April 22 – May 21):**

#### **If traveling from Elk Grove/Laguna to Rancho Cordova/Folsom:**

- Use Freeway-99 North to US-50 East
- Do **not** use I-5 North to US-50 East

#### **If traveling from Davis to Downtown Sacramento:**

- Use I-80 to I-5 South, to Richards Blvd or “J” Street off ramps
- Do **not** take I-80 to US-50 East

#### **If traveling from Natomas/Davis to Rancho Cordova/Folsom:**

- Use I-80 East to Watt Ave exit-South to Business-80 on-ramp to US-50 East.
- Do **not** use I-5 to US-50 East.

#### **If traveling through the project area during Phase 2 (Closed connector ramps to Business-80 and Freeway-99):**

- Use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West

[Back to Front Page](#)

## **“Fix 50” Information (Cont.)**

### **Major Construction U.S. Highway 50, Sacramento, Sacramento County**

#### **Alternate Routes: (Cont.)**

#### **During work in the WESTBOUND direction (May 27 – June 25):**

If traveling from Rancho Cordova/Folsom to Downtown Sacramento:

- Use US-50 West to Business-80 North to “N” or “H” Street off-ramps
- Do not stay on US-50 West after Business-80 interchange

If traveling from Elk Grove/Galt to Downtown Sacramento:

- Use I-5 North to “J” Street off ramp
- Do not take Freeway-99 North to US-50 Westbound

If traveling from Rancho Cordova/Folsom to Natomas/Davis:

- Use US-50 West to Business-80 North to Watt Ave North, to I-80 West.
- Do not use US-50 West to Davis or US-50 West to I-5 North to Natomas.

If traveling through the project area during Phase 2 (Closed connector ramps from Business-80 to US-50 West):

- Use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West

\*\*\*Motorists traveling to the Lake Tahoe area can avoid the project area congestion by taking I-80 E

# **CAL OES DROUGHT ACTIVATIONS**

## **Cal EOC Incident – 2014 Drought**

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

## **Cal EOC Incident – 2014 Drought**

### **Situational Summary**

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

On April 25, 2014 Governor Brown released an Executive Order on Friday enabling several urgent actions to be taken as the drought persists into the state's traditional dry season.

**\*\* As this rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly over the coming months. This winter's below average rain and snowfall worsens conditions in this third straight dry year.\*\***

## Situational Summary (Cont.)

Information as of 4/28/14

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The most recent snowpack survey, conducted on April 1, recorded California snowpack at 32% of normal. A more recent update using automated devices shows snowpack at 21% of normal as of April 27.
- DWR has announced that water essential for health and safety will be delivered through the state water project in spite of the zero allocation policy. Deliveries will be boosted if storms produce enough rain and snow to increase reservoir storage and the snow pack.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

# Cal OES – SOC

## Daily Summary of 2014 Drought Events

### As of May 6, 2014

- Web Guidance: The updated Emergency Drinking Water Procurement & Distribution Planning Guidance is under final review for release to the web.
- Per the Governor's Executive Order released 4/24/2014, Item #12:
  - The Office of Planning and Research (OPR) has taken on the role of overseeing coordination between California Department of Public Health and the California Governor's Office of Emergency Services (CalOES). OPR sent out a survey to County Health Officers requesting specific smaller water drinking system information that is due back to their office this Thursday, May 8, 2014.
- The Department of General Services (DGS) has secured bottled water contracts usable for the next three years with a two year option to extend that can be used by local government. In addition, bulk water contracts have been posted for bid and will be secured by May 30, 2014.
- The California Department of Social Services (CDSS), Drought Food Assistance Program (DFAP), is rolling out emergency food assistance shipments to four (4) counties within the next one to two weeks: Fresno, Kern, San Joaquin, and Stanislaus.
- Kings County has created a Drought Task Force and their first meeting will be held May 16, 2014.

# CAL OES MISSIONS

## Ongoing Cal OES Missions

- **2014-LAW-2867** Calaveras County Sheriff is requesting 3 human remains detection dogs for a search planned for May 9, 2014.
- **2014-LAW-2843 Current:** Searches conducted on 5/3 and 4, located several items of interest. Plumas County personnel plan on returning for additional searches on or about 5/9.  
**Situation:** Plumas County Sheriffs Office (PCSO) is requesting Search and Rescue resources in support of a Humans Remains search Southwest of Lake Almanor. County SO will be providing 2-3 Humans Remains Detection (HRD) K9s for search efforts.
- **2014-SOC-2111** Mission is to test the Cascadia Subduction Zone (CSZ) air bridge concept by air transporting 7 passengers from OES and 1 CANG logistics planner on 13 May 2014 from Mather to the State Staging Area (SA) in Redding, to one POD in Del Norte and one POD in Humboldt, to the Redding State SA, and return to Mather. Passengers will discuss actions at the Redding SA and at each OA POD while they are at each location. The air bridge is a critical component to CSZ response and recovery. It is imperative this concept is tested to ensure response teams can be successfully transported into the effected region and the affected Operational Areas' are able to receive aircraft at designated PODs

## **UPCOMING EVENTS, TRAINING, EXERCISES**

### **Diablo Canyon Power Plant, Rehearsal / Full Scale Exercise**

Diablo Canyon Power Plant in San Luis Obispo will be hosting two full scale Hostile Action Based exercises this Spring. A FEMA evaluated exercise will be held on May 21, 2014. This is part of the required biennial demonstration of our ability to protect the public from a radiological incident at the nuclear power plant.

### **Tropical Cyclone Simulation Exercise Plan (May 8, 2014)**

The National Weather Service (NWS) offices and National Hurricane Center (NHC), Weather Forecast Office (WFO) San Diego, WFO Oxnard, Local Emergency Managers, Cal OES, Cal OES Warning Center, FEMA Region IX, and Western Regional Operations Center (ROC) will participate in a tropical cyclone simulation exercise on May 8, 2014.

The scenario for this exercise will use NHC developed Advisory package materials as were developed for the May 2013 exercise within NWS. The scenario depicts a tropical cyclone moving NNW along the west coast of Baja California and eventually re-curving into southern California. The NHC Advisory package materials have been shared with WFO San Diego and WFO Oxnard. The exercise will be compressed into one day (May 8). Due to the limited time available, participants will utilize only two of the Advisory Packages (To Be Determined), one simulating the storm a few days away, and the second with the storm much closer, with warnings/watches “in effect”.

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
